Purpose: To provide a general understanding of human anatomy and physiology for those students in the allied health fields and to meet requirements for an Associate of Arts Degree or Associate in Science Degree.

Objectives:

1. To help the students acquire knowledge of normal development, structures, and functions of the human body.
2. To provide a foundation for the undergraduate college and university student
3. To provide a foundation for understanding deviations from the normal in physiological function.

Basic Class Requirements:

1. **Textbook:** SPC BOOKSTORE: Marieb, E.N. and Hoehn, K. (2018). *Human Anatomy and Physiology*. (11th ed.) Pearson.

OR FREE from PDFRoom.com: Saladin, K. (2003). *Anatomy & Physiology: The Unity of Form and Function*. (3rd ed.) McGraw-Hill Companies.

2. **Atlas:** SPC BOOKSTORE OR FREE from PDFRoom.com: Hutchinson, M., et al. (2007). *A Brief Atlas of the Human Body*. (2nd ed.) Pearson Benjamin Cummings.

3. **Computer with reliable internet service, including:**

- a. Blackboard access
- b. Webcam (external preferred)
- c. Microphone

COVID-19 Statements:

If you are experiencing any of the following symptoms, please do not attend class and either seek medical attention or get tested for COVID-19:

- Cough, shortness of breath, difficulty breathing
- Fever or chills
- Muscles or body aches
- Vomiting or diarrhea
- New loss of taste and smell

Please also notify DeEtte Edens, BSN, RN. See contact information below.

COVID-19 Protocol:

If You are Exposed to a COVID-19 Positive Person or You Test Positive:

If you have been exposed or may be COVID-19 positive, immediately contact me and the rest of your professors. I will get you in touch with DeEtte Edens (BSN, RN) at (806) 716-2376 or dedens@southplainscollege.edu and she will provide direct you in what to do.

COVID-19 POSITIVES: 5 weekday isolation required; Return to class on day 6 but WEAR A MASK for 5 more class days. Please notify DeEtte Edens if positive and if symptoms are not improving, as isolation period will need to be extended.

COVID-19 Exposures: No isolation required, but wearing a MASK IS REQUESTED. Monitor symptoms for 10 weekdays. If symptoms develop, do not come to class, and be tested. Notify DeEtte Edens.

Class Requirement While in Quarantine:

PLEASE BE AWARE that while you are in quarantine (for either reason):

1) You are EXPECTED TO TAKE LAB EXAMS (practicals) ON TIME, AT THE SCHEDULED EXAM DATES. This will mean you'll take the exam online (at home) using Proctorio. Since labs are studied completely online, you are expected to study and prepare for exams while in isolation/quarantine. This will mean you'll take the exam online (at home) using Proctorio. There will be very few exceptions made.

2) You are EXPECTED TO TAKE LECTURE EXAMS ON TIME, AT THE SCHEDULED EXAM DATES. This is because I will provide you with lecture screencasts to allow you to study online while in isolation. PLEASE ask me to send you the screencasts. This will mean you'll take the exam online (at home) using Proctorio. There will be very few exceptions made.

HOW THIS HYBRID CLASS WORKS:

Everything on Blackboard should be used to be successful in class.

1. LECTURES will be Face-to-Face (F2F).

ALL lecture exams will be F2F, at the Technology Center.

Lecture exams at the TC will be done on the computer.

On the Blackboard Course Content page, Weekly Lecture Folders will be posted which will contain all the lecture materials you need for the week.

The Weekly Lecture Folders will contain these study materials for lecture:

- 1) Lecture Notes
- 2) Lecture Powerpoints
- 3) Lecture Exam Reviews
- 4) Lecture Screencasts—If necessary

Lecture Exam Reviews provide additional practice and will help you with what type of exam questions will be asked. (Lecture reviews do not cover every type of possible question, but they do point to major concepts.)

Start using lecture exam reviews as soon as we begin the lecture notes and be sure to study reviews at least 3 times. You should memorize the review *along with* the lecture notes to get the most benefit from it (instead of looking at it the night before the test).

2. LABS will be studied completely ONLINE.

ALL lab exams (practicals) will be F2F at the Technology Center.

EXCEPT: *For an important difference with Lab Practical #1---See pg.7 of this syllabus*

On the Blackboard Course Content page, Weekly Lab Folders will be posted which will contain all the lab materials you need for the week.

The Weekly Lab Folders will contain these study materials for lab:

- 1) Lab Handouts
- 2) Lab Screencasts
- 3) Lab Powerpoints
- 4) Lab Reviews

***HOW TO STUDY LAB ONLINE: ***

* **Lab Handouts** should be printed and used along with the Screencasts & Powerpoints.

Handouts are a list of everything you need to know for each lab.

* **Lab Screencasts** should be studied for each lab. They are video with audio.

In these you will be taught the lab.

* **Lab Powerpoints** should also be studied for each lab.

They have the same images as the Screencasts, except with no audio.

* **Lab Reviews** should be used to test yourself. They usually cover several labs.

Grading Criteria:

Lecture Exams (70%)-- 5 Lecture Exams given F2F in the Technology Center (TC)

Lab Exams/Practicals (25%)—3 Lab Practical given F2F in the TC.

Attendance (5%)—Details are provided in the “Attendance Policy” below

All exams at the TC are computer-based, using Respondus software.

EXCEPT: For an important difference with Lab Practical #1---See pg.7 of this syllabus

Lecture exams are mostly multiple-choice but may also include short answer.

Lab practicals are always fill-in-the-blank.

A= 90-100; B= 80-89; C=70-79; D=60-69; F=0-59

To calculate your class average, use the following equation:

Lecture Exam Average (0.70) + Lab Practical Average (0.25) + Attendance (0.05)= Class Average

Attendance Policy:

Please Note: CLASS ATTENDANCE DOES AFFECT YOUR FINAL AVERAGE IN CLASS.

Students are expected to attend EVERY class period. *Students are allowed 3 absences without penalty.* After the third absence, 10 points will be taken off the attendance grade for every additional absence.

In order to be completely fair with everyone, there are certain reasons for missing class that will ALWAYS count as an absence. *Missing any exam will ALWAYS count as an absence. **The first missed exam will mean -10 from your attendance grade. Additional missed exams will mean -15 from your attendance grade.***

Missing a lab exam due to a diagnosis of Covid-19 will not count as an absence ONLY IF DeEtte Edens has verified a positive Covid-19 test for you.

ALSO: At the end of the semester there will be a "GRADE BOOST OPP" (opportunity) for those of you who have 3 or fewer absences. This will be an opportunity to significantly improve your grade. You will have to work hard for this grade boost, but it will be worth it! This can make a *huge* difference in your final average if you take advantage of it. *This chance to do the GRADE BOOST OPP will happen when we get to the Nervous System Lecture Exam (the last lecture exam of the semester).*

Please be aware that the following WILL always count as an absence:

- *Leaving class early for any reason
- *A Covenant interview or similar during class time
- *Missing class due to childcare issues or child illness issues
- *Missing a test of any kind

I hope you can understand that I need to be fair and consistent with everyone when it comes to absences. Please do not ask for special treatment regarding absences. It is not fair to the rest of the class.

Dropping/Withdrawal from a Class:

If you stop coming to class and do not drop yourself from the class, you will receive an "F." Please do not assume your professor will drop you if you stop attending class. It is your responsibility to drop yourself from a course.

Drop forms are submitted online using the Student Initiated Drop Form. The link for this can be found on the SPC webpage under Student Services, Admission & Records.

An instructor signature is not required to drop a class.

MISSED EXAM POLICY:

* MISSED LECTURE EXAMS:

- 1) Missed lecture exams will be made up at the end of the semester May 2 through 5
OR can be made up by taking a comprehensive final May 2 through May 5.

* **The comprehensive lecture final covers all lecture exam materials for the semester. This can ONLY replace ONE missed lecture exam (but cannot replace a missed lab practical). The second missed lecture exam will be a ZERO.**

- 2) Taking a lecture exam LATE WILL count as an absence.
- 3) Taking a lecture exam LATE due to technical difficulties with Proctorio will not affect your attendance grade UNLESS you are not making reasonable steps to correct the problem, such as coming to the Levelland or Reese campuses to take the exam.
- 4) The first missed lecture exam will be -10 on your attendance grade.
Additional missed lecture exams will be -15 on your attendance grade.

* MISSED LAB PRACTICALS CANNOT BE MADE UP.

- 1) A missed lab practical is automatically a ZERO, which will lower your grade by at least 1 letter grade. I also reserve the right to drop you from class if you miss a lab practical.
- 2) **The only exception to this rule is—**
If you know you will miss a lab practical, you MUST contact me **IN ADVANCE** and you must take the exam with another class. You may only do this for ONE lab practical.
- 3) Taking a lab practical late WILL count as an absence if I do not hear from you.
- 4) The first missed lab practical will be -10 on your attendance grade.
Additional missed lab practicals will be -15 on your attendance grade.

USING PROCTORIO FOR PART B of LAB PRACTICAL #1:

Part B of Lab Practical #1 will be taken ONLINE (at home) using a program called Proctorio. Students will be required to use this webcam software that records video & audio.

A. You will need the following to use Proctorio:

- 1) An **embedded webcam** (You must use a hand-held mirror to do the room scan for the test)
OR you're welcome to use an **external webcam**.
- 2) A **computer microphone**
- 3) **Chrome browser installed on your computer**
- 4) **Proctorio installed on your computer**
To download this software, please go to <https://proctorio.com/support> and follow the steps listed there to install the software.
See the Blackboard **Course Resources** page to download this link.

B. At the START of the online exam, you will be required to do a ROOM SCAN:

- 1) The room scan means you will **show your desk surface, room, and walls** using a webcam. This can be done using the embedded webcam itself or a with a large hand-held mirror if the webcam is external.
- 2) You **MUST** do the parts of the room scan **SLOWLY** and do the scan at least **TWICE**.
- 3) If you do not do the room scan properly, penalties on the test grade may be taken.

C. The ROOM SCAN must show the following:

- That the area you are taking the exam is clean- **no notes, class materials, phones, or other technology** is close by. Please flatten out any covers if you are sitting on a bed.
- The **desk surface is clean** with no notes, reviews, phones, etc. of any kind.
- The walls in the room (including behind the computer) do not contain notes.
- There are no other adults in the room.
- If using scratch paper, show 1 piece of blank paper (front and back).
This will need to be shown at the end of the exam as well.

D. To watch examples of a webcam room scan, see the following YouTube links:

- Using an embedded webcam: <https://www.youtube.com/watch?v=HAbnOt0cNOs>
- Using an external USB webcam: <https://www.youtube.com/watch?v=P1euOWRpTzA>
- These links are available on the Blackboard **Course Resources** page.

E. If you run into technical problems during an exam: Contact me (Ms. Simpson) first. If I don't respond within a few minutes, go to the Blackboard link to download Proctorio, scroll down the page and open a live chat with a 24/7 Proctorio support staff. Please be patient but contact the Proctorio support staff if I don't reply after about 10 minutes. With many students taking the exam, there may be a delay in my response.

F. While Taking the Exam:

- 1) After showing the room scan, the webcam needs to be **able to see your head and arms** for the duration of the exam. Your **full face must be visible**.
- 2) Once the exam begins, you will **not be able to leave the room**.
- 3) During the exam, the Proctorio software will **lock-down the web-browser** and prevent any internet tabs from being open.
